

OvaZyme46™

by IsoNova

Egg-Based Emulsifier

YOUR PRODUCTS SHOULDN'T SWEAT, AND NEITHER SHOULD YOU

Emulsification is a key element for almost every pet food product, both in production and during shelf life. If you want to promote product stability while reducing sweating and leaching, then you need an emulsifier. OvaZyme46™ is an all-natural egg-based emulsifier that naturally improves the texture, nutritional profile, and label of your pet food products.

Benefits:

- All-natural emulsifying ingredient
- Clean-label
- Nutritional benefits of whole egg
- Soy-free
- No chemically synthesized materials

Mayonnaise made with:

OvaZyme46™

Whole Egg

Soy Lecithin
